

## HEARTWORM PREVENTION

For slightly more than the cost of a postage stamp per day or a weekly Starbucks Latte your dog can be protected from a harmful and life threatening disease.

	Yearly Cost	Monthly Cost	Daily Cost
0 to 25 lbs	\$70.00	\$5.80	\$0.19
26 to 50 lbs	\$91.00	\$7.58	\$.024
51 to 90lbs	\$107.00	\$8.91	\$0.29

VS

## THE COST OF TREATMENT

Cats	NO TREATMENT
Dogs	\$1500 to \$2000 **

\*\*There is currently an indefinite back order on the only FDA approved medication required to treat heartworm disease.

- Heartworm disease is 100% preventable
- There is no treatment option for heartworm disease in cats
- Heartworms are transmitted from animal to animal by mosquitoes
- Heartworm disease is a threat even to those pets that stay indoors
- Pets need to be on year round heartworm prevention
- Heartworms cause severe lung and heart disease
